Dear Mrs. Manley:

The game for May 28 is okay, as enclosed confirmation will indicate. It will be a night game with the home club using a Mr. James Young's lights.

You will note that I have written in a \$75 guarantee. I insisted upon that figure for the club, as I would hate to book a league team for less. But frankly, the date is a big gamble for Mr. Page who is running the Royals as it is a mid-week date and gives us very little time to advertise properly. He has asked to have me handle some publicity for it, and you can bet that I will give it all I can.

It is purely an experiment for a Wednesday night, but I am sure you and Mr. Manley will appreciate the spot (okay) once the club plays there and if everything turns out/for the promoter financially I think we can put regular games in there, which should be a great help to the league teams.

Best of luck, and here's hoping.

Yours truly,

Art Carter

P.S.---If okay on next Wednesday I would like to get together on some other dates for the summer there.
